WFS Facilitator/Referee:

Competition/Exam Location:

WFS Videographer:

Skating Artist:

Notes: WFS Board of Directors is allowing this test to be viewed by the judge due to the extreme white ice conditions.

WFS Membership #:

Encouraging level applies to all Figures when a skater's print on the ice reveals errors such as flats, wiggles, and other technical flaws but not to say a good effort by the skating artist. WFS recognizes that it takes time to develop the necessary technical skills needed to attain a Competitive and/or World Class levels on a consistent basis. Encouraging level is achieved when a skater attains a minimum standard of a 1 - 2 quality level on that specific attempt. The referee will note any penalty points below.

Competitive level applies to all Figures when a skater's print on the ice reveals an understanding and technical proficiency of quality Figure technique with minimum flats, wiggles and other technical flaws. Competitive level is achieved when a skating artist attains the standard of a 3 - 4 quality level. The referee will note any penalty points below.

World Class level applies to all Figures when a skater's print on the ice reveals an understanding and technical proficiency of high quality Figure making with few technical flaws. A World Class level can not be awarded by the sequestered judge if the examined Figure has flats in the print on the ice when returning to center. A World-Class level is only achieved when a skating artist attains the high standard of 5 - 6 quality level and no penalty points. When both criteria are accomplished then the exam is recorded as a World Class Level otherwise the achievement is automatically granted a Competitive Level 4 by World Figure Sport.

Penalty points are given if a Skating Artist places their non-skating foot/blade down or any other body or equipment part onto the ice. (Same penalty points apply to all exams). All exams are 6 tracings (unless noted differently in the WFS's Exam Catalog).

Please note any penalty points (per Figure) on the right.

World Figure Sport's Platinum Exam	Advanced	Exam Level Achieved _____ Referee Note: Penalty Points: _____ Final Level Achieved
Forward One Foot Paragraph 8 note: 2 grades	RFOI-LFIO & LFOI-RFIO	
Change D3 note: 2 grades	RBOI-LBIO & LBOI-RBIO	
Brackets (are related to Counters) note: 2 grades	RFO-LBI & LFO-RBI
